A Guide to the Farnell InOne Catalogue

1 Farnell Order Code

Use this order code to place your order. If you know the Order Code you can find it in the current catalogue using the Index by Order Code or use the website to search on-line.

2 RoHS

Simple and clear markings of RoHS compliance at order codes.

- RoHS Compliant
- ▲ RoHS non-Compliant
- ‡ Limited Stock – RoHS replacement available

3 Manufacturer's List Number

Search for this by using the Index by Manufacturers List No Index or search by using our website

4 Pricing

Look out for the **MIXED QUANTITY PRICING** symbol for bigger savings for products from the same product families.

5 Product Description

If you need more technical information, call our Technical Hotline for FREE technical support or download the product datasheet from our website.

The screenshot shows a product list for 'Semiconductors - Integrated Circuits'. The list includes columns for 'Part No.', 'Description', 'Mfrs. List No.', 'Order Code', and 'Price Each'. A 'MIXED QUANTITY PRICING' symbol is visible in the pricing column. Callouts on the right side of the image point to various elements: '1. Farnell InOne Order Code' points to the 'Order Code' column; '2. RoHS compliance markings' points to the 'RoHS' column; '3. Manufacturer's List Number' points to the 'Mfrs. List No.' column; '4. Mixed quantity pricing' points to the 'MIXED QUANTITY PRICING' symbol; '5. Product Description' points to the 'Description' column. Other callouts include 'Section Title' pointing to the page title, 'Section Number' pointing to the page number '1473', 'Brand / Manufacturer' pointing to the 'Mfrs.' column, 'Technical drawing' pointing to a small image of a component, and 'Page Number' pointing to the page number '1473'.
